

For Greif, Inc., it's the
total package.

Why Ohio?

WOODEN BARRELS, casks and kegs for shipping exotic imports and exports, food staples and other goods were the first products offered by Vanderwyst and Greif. Today, Greif, Inc. offers customers over 125 years of expertise in industrial and paper packaging and services, including fibre, steel and plastic drums, containerboard, water bottles, intermediate bulk containers, corrugated packaging and multiwall bags. Last year, Greif reported sales of over \$2.2 billion from operations in 43 countries worldwide, all directed from its Ohio home.

Ohio provides Greif with an ideal location, a skilled workforce, an excellent transportation infrastructure, and ready access to technology, research and

development. Ohio also offers Greif employees a relaxed, yet sophisticated lifestyle that attracts top talent. With diverse cities, outstanding schools and affordable housing, Ohio is a great place to live and raise a family.

And now Ohio's business climate is even better. Major tax reforms have shifted policy from taxing capital investment, profits and wealth creation to taxing gross receipts. The result is greater incentives to invest in innovation and productivity and more support for entrepreneurial activity. Visit us at OhioMeansBusiness.com.
